
	COURSE: SOFTWARE EVOLUTION AND MAINTENANCE		MARK : /10
	SESSION: 2019/2020 SEM: II	COURSE CODE: BCS 3153	
	ASSESSMENT: E-Learning Evolution	NO: 1 DURATION: 2 Weeks	

INSTRUCTIONS:

1. Based on the groups assigned to you, you are required to choose one Group Leader.
2. You will be given one software evolution and maintenance name per group.
3. Group leader should separate the task between all the team members.
4. Group leader must record task and minutes meeting.
5. You are required to prepare a slides presentation (with limited text content) on the following topics:
 - a. Evolution in Teaching and Learning Online due to Covid-19 pandemic. (Hanif)
 - b. Self-Motivation to go for Teaching and Learning Online. (Fariha & Hafizah)
 - c. Lessons learned from Teaching and Learning Online. (Khairil)
 - d. Challenges and solutions addressed during Teaching and Learning Online. (Kugan & Syafiq)
6. You are required to do a video presentation within 15 minutes. So, please rehearse your presentation to make sure it lasts only 15 minutes.
7. Your presentation must be highly innovative, interactive and rich with positive vibes.
8. Every group's member must present their parts. Presentation will be in English.
9. Marks will be given based on your video presentation.

GOOD LUCK!
